## THE MEDITERRANEAN: A ROUND SEA

A programme curated by **Marina Fokidis** with the advice of **Bouchra Khalili** and **Hila Peleg** will revolve around the art scenes of the countries surrounding it, from south to north and coast to coast. The curatorial team will present a series of artists and galleries from the countries of this rich and complex geography.

In addition to the selection of galleries, there will also be a **forum** dedicated to **research into the shared culture of the Mediterranean countries**, to take place on the Friday and Saturday of the fair, in which **collectors** and **curators** will be joined by **theorists, writers and performers** who will generate a conceptual context that will accompany galleries and artists.
